FELLOWSHIP IN HEALTHCARE QUALITY AND HOSPITAL ADMINISTRATION PROGRAM

INTRODUCTION

Shifa International Hospitals Ltd., as a region's leader in delivering quality and safe healthcare services to the population, the hospital introduced one of its kind fellowship program to further polish the skill set of healthcare management professionals in areas of quality and hospital administration. This Fellowship program is designed to build an exclusive network of thought leaders who will lead quality and safety transformation in their systems and beyond.

VISION

To develop a workforce in health care that is equipped to take the leadership position and is able to deliver quality healthcare services for all.

MISSION

To implement a comprehensive academic program that entails essential knowledge of clinical and administrative routines in health care settings and provides the learner with a unique opportunity to get hands-on experience of the core operations in a tertiary care hospital.

WHO CAN APPLY

This program is designed to create leaders. If you want to pursue a career in healthcare management, then this is the perfect course for you.

Employees of Shifa International Hospital, aspiring to work in leadership positions can write to SIH fellowship team at fellowship@shifa.com.pk

PROGRAM OUTCOME

At the end of 1 year course participant will be able to:

- 1 Acquire core administrative and technical skills for smooth running of a health care system
- 2 Develop and implement strategic and operational plan in a healthcare setup

We Bring you
The Best Players
of the League
